HAPPY NURSES DAY

“As we celebrate International Nurses Day, ZIMNA-UK would like to acknowledge all those that have relocated to provide the best care and follow their passion. It has been a difficult couple of years and the service and compassion you have displayed is worthy of the biggest award. Please continue the brilliant work and thank you for your selfless dedication.” – ZIMNA-UK

“READ OUR MEMBERS NURSES DAY MESSAGES”

“I really find satisfaction in making a difference to someone's life and reducing stigma associated with mental illness. This makes my role worthwhile and makes me get up in the morning.”

JABU

“A CALLING INDEED, A NOBLE PROFESSION ONE CAN DREAM OF ... PROUD OF MY PROFESSION” - TENDAI

“IT IS THE SATISFACTION I GET AFTER A LONG SHIFT SAVING LIVES, THE SMILE I GET AFTER A PATIENT SAYS THANK YOU FOR LOOKING AFTER ME AND WALKING UP TO DO IT ALL OVER AGAIN. NURSING IS MORE THAN JUST A CALLING TO ME – IT IS WHO I AM.”- FELESIA

“NURSING MEANS PUTTING THE PATIENT FIRST AND MYSELF LAST, A RESPONSIBILITY TO HUMANITY- AN EPITOME OF ALTRUISM. I DO NOT GO TO WORK TO JUST EARN A PAYCHECK BUT TO MAKE A POSITIVE DIFFERENCE IN HUMANITY”

“MY DREAM CAME TRUE, THE DAY I BECAME A NURSE. NOW FULFILLING MY WISH OF TAKING CARE OF THE SICK AND INFIRM, SO THAT THEY ATTAIN OPTIMAL HEALTH AND A GOOD QUALITY OF LIFE.”
